Youssef Al mona

Junior Fullstack Developer | Mobile & Web

youssef.dev.sec@gmail.com · +212 614 787 509 · linkedin.com/in/youssef-almona · github.com/Smkh4x

Fullstack and Mobile Developer with hands-on experience in building web and cross-platform mobile applications. Skilled in React Native, React, and Node.js, with a strong focus on clean code, API integration, and responsive UI development. Motivated to grow as a developer and contribute to real-world projects while continuously improving technical skills.

EXPERIENCE

Freelance Web Developer Trainer — AI-Augmented Teaching

Simplon, Morocco | *February 2026 – March 10, 2026*

- Delivered web development training sessions with an AI-augmented pedagogy approach.
- Mentored students on modern web stacks while integrating AI tools to accelerate learning and project delivery.

PROJECTS

Dashboard Management System (Training Centers & Payment Tracking Platform)

A web-based dashboard for managing training centers, students, and payment tracking. The system supports role-based access for Admin, Manager, and Staff, enabling efficient management of student records, enrollment, and payment status across multiple centers.Built with a RESTful architecture and responsive UI for seamless use on both desktop and mobile devices.

Stack: React, Node.js, Express.js, MySQL, TailwindCS

Live Platform →

Maqraa – Personal Reading Tracker Mobile App

A cross-platform mobile app that helps users build a daily reading habit by tracking reading sessions, progress, and statistics. Offline-first with local storage, featuring a clean UI, multilingual support, and RTL layout. Built with a modular architecture using Expo Router.

Stack: React Native, Expo, TypeScript, Zustand, AsyncStorage

Live Platform →

FORMATION

Self-Study & Continuous Learning

Fkih Ben Salah, Morocco | *2022 – Present*
